

**P6****BIOFOSP6**

CLASS PHOSPHATE, SALT AND TRACE-MINERAL SUPPLEMENT FOR RUMINANTS
REG NR. V 13149 ACT 36 OF 1947

BAG CODE ***

- Biofos P6 supplies ruminants on phosphate-poor summer pastures with sufficient phosphate levels.
- Supplies vital trace minerals in the correct ratio to phosphate.
- Inclusion of molasses ensures a dust-free and palatable product.
- Ready-mixed product that can be fed immediately.
- Improves production and on-veid conception.

COMPOSITION		g/kg
MOISTURE (max)		100
CALCIUM (max)		120
PHOSPHORUS (min)		60
SULPHUR		25
MAGNESIUM		60
FLUORINE (max)		0.372
		mg/kg
COBALT (min)		3
COPPER (min)		150
IODINE (min)		10
MANGANESE (min)		600
SELENIUM (min)		1.5
ZINC (min)		600
RECOMMENDED INTAKES* (g/animal/day)		
	Cattle	Sheep
Non-lactating	100	18
Growing, late gestation	125	22
Lactating	200	36

* The indicated intake only serves as a guideline of the lick amounts that need to be supplied alongside adequate levels of high-quality roughage to address nutrient needs.
